

As a concerned citizen I am appalled at Sinclair Broadcasting's partisan and illegal use of their privileged position vis the public airways!

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

This is a blatant attack against our democracy, more worthy of Nazi Germany than the United States and the principles we claim to uphold!

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
